One Corner of Our Ipswich Nurseries

THE American people, since Pearl Harbor, have seen many changes in their ways of living. While the men and women in the services of our country are sacrificing so much in the theatres of war, we, on the home front, are backing the attack with the purchase of War Bonds and Stamps and with increased production in industry and agriculture.

The nursery industry, busy with the growing of vegetables, fruit trees, herbs for medicinal and cooking purposes, and other nursery stock for camouflaging military objectives, plays a more important part in this war than is generally realized.

During the thirty-six years of service to the American gardeners, we have earned a reputation for quality with service. Despite such serious handicaps as shortage of help and trucking problems, we will endeavor, with your cooperation and patience, to maintain our usual standards.

This past year more people than ever before have turned to growing their own vegetables. Now they look to the earth as more than something to walk on and the farmers, who have raised their food, are no longer taken for granted. They understand the disastrous effects of drought, winds, rains, or blights on growing fields.

The success of the grower often depends on the fact that plants require food and water just as much as human beings. Successful results give the grower fresh fruits and vegetables as well as many hours of pleasure from birds feeding on berry-bearing shrubs, enjoying the cool shade of trees, the winter loveliness of snow glistening on evergreens, or the glorious pageantry and lovely fragrance of flowers blooming from early spring to late fall.

• *A Complete and Modern Landscap*

There's Value Received for Dollars Spent When Your Home is Properly Landscaped

We can do your job whether large or small. The complete landscape is our objective and, where necessary, we are equipped to do the complete job from developing plans and locating the foundation on the property to the finished job. We are one of the very few concerns in New England that can offer this complete service.

We are equipped to build:

Lawns. Procedure based on analysis by our soil-testing laboratory. New construction and renovation of old. Scientific yearly feeding schedules arranged under our supervision if desired.

Walls. Pasture Stone — Cut Granite (Laid dry or in concrete).

Walks — Paths. Gravel — Sod — Stepping Stone — Granite — Slate — Blue Stone — Laid in concrete. Regular or random design.

Roads. Gravel or Macadam Construction. Specifications suitable to location and conditions.

Tennis and Badminton Courts. Clay or asphalt playing surface.

Gardens — Rockeries — Pools. Formal or informal, suitable to location and surroundings.

We cannot stress too plainly the importance of systematic feeding of your lawns, gardens, trees and shrubs.

A NEW SERVICE

As an experiment, on the first of September, 1944, and again the latter part of the same month, we mailed to our customers bulletins reminding them that the fall planting and garden season was at hand, and offered several suggestions.

We were so encouraged by the fine response to these bulletins that we decided to inaugurate a series of them this year and, providing conditions warrant, we may increase the number another year. We are planning to send, to each one on our mailing list, two bulletins in the spring, and two in the fall.

These bulletins are created as a reminder to our customers of some of the things that need attention during the changing seasons, proper fertilizing and planting, along with various suggestions for landscape improvement.

Stately Evergreen Trees

EVERGREENS ARE DUG, BALLED AND
BURLAPPED (B&B) at prices quoted.

Only the Evergreens are Left After the
Autumn Leaves Flare and Fall

There are no more beautiful things in nature than well-grown, well-cared-for evergreens. They are cool-looking in summer and cozy-looking in winter. There is no end to their uses. Well-grown specimen plants increase in beauty with the years.

TREES B&B (Balled and Burlapped)

Unless otherwise marked "B&B" (Balled and Burlapped), trees are dug bare rooted when dormant. Should balling and burlapping be desired on trees not marked "B&B," an extra charge will be made.

Heights given with caliper measurements are general average and are approximate only. Where no caliper is given, the height is the governing measurement.

After the regular bare-root digging season is passed, this material must be dug with a ball and, since considerable time, labor, and soil are involved, balling and burlapping will be charged.

Prices quoted on request.

Note. — Figures after the names give approximate heights reached by the trees and shrubs under favorable conditions.

Deciduous Shrubs

FOR FLOWERS, FOLIAGE, BERRIES

Any true lover of nature will find a world of joy and happiness watching the striking and fascinating changes in flowering shrubs throughout the season. They are a delight from the first mild spring day, when the buds begin to swell, until late in autumn, when the leaves are resplendent in their festive colors and brilliant berries.

We are only able here to acquaint the reader with a very small portion of this wealth of beauty. Generous planting of shrubs around the home will repay in beauty and pleasure many times over the small investment required.

SHRUBS B&B (Balled and Burlapped)

Unless otherwise marked "B&B" (Balled and Burlapped), shrubs are dug bare rooted when dormant. Should balling and burlapping be desired on shrubs not marked "B&B," an extra charge will be made at the following rates.

After the regular bare-root digging season is passed, this material must be dug with a ball, and since considerable time, labor, and soil are involved, balling and burlapping will be charged at these same rates.

WINTERBERRY. See *Ilex*.**HEDGE PLANTS**

A living fence, made from growing plants, attractive with their green leaves and formally trained or arched branches, is a part of the grounds and garden, and is surely more ornamental than an artificial fence. A hedge is permanent. Once planted, only occasional trimming or shearing is required.

Hybrid Blueberries

LARGE, DELICIOUS FRUIT

Be sure to plant at least two or more varieties to insure perfect pollination of the blossoms, otherwise no fruit of consequence will be produced. Spring planting is usually recommended and full sun. Plant 5 ft. apart in rows 4 to 5 ft. wide. Besides being grown for its fruit, these blueberry bushes are also excellent for lawn shrubs or ornamental plantings because of their long racemes of waxy white blossoms in spring and intense crimson foliage in autumn.

Cabot. 4½ ft. Very ornamental with dense, flat top. Delicious, very sweet, clear blueberries in early July.

Concord. 7 ft. This splendid new sort bears large fruit of good color and excellent flavor. The berries hang on the bush long after ripening in mid-July. The young foliage is bright red in winter.

Jersey. 7 ft. Heavy crops of very large blue, rather flat berries of superb quality are produced in close-set clusters. Ripens after Cabot.

Rubel. 7 ft. Heaviest bearer of all, and best for canning. Will reach a height of 7 ft. if allowed, but produces better if kept at 6 ft. Bears large quantities of very fine, slightly acid berries. Late July.

Corliss' Selected Roses for New England

WE RECOMMEND POTTED ROSES

**Already Planted and in Good Growing Condition
Ready for Transplanting from June 1st on**

Corliss' potted roses are mature, nursery-grown plants that have been **preplanted** in containers and allowed to develop and grow naturally in good soil.

IN FULL LEAF AND BUD

These roses can be "re-set" by removing the wrapper and planting with its own "pot soil" in your own garden.

\$1.50 each; \$15.00 per doz., unless otherwise noted.

This modern way of selling roses eliminates all danger of them not starting or dying after being planted in your garden, due to improper handling and planting. When you purchase **POTTED ROSES**, they are already planted properly in specially prepared, fertilized soil to insure rapid, permanent growth and bloom.

Our **POTTED ROSES** may be transplanted successfully in your garden any time during the growing season by simply tearing away the pot and setting the plant into the bed without disturbing the soil or root system.

Where shipping is necessary, all **POTTED ROSES** are sent Express charges collect.

Everblooming Hybrid Teas

Briarcliff. 2 ft. One of the most popular of the old favorites. Long-pointed buds and large, high-centered flowers of deep rose-pink, passing to a lighter shade on outer petals; fragrant. Good cut flower.

Caledonia. One of the most desirable white roses. Perfectly formed buds and large, double, fragrant blooms of purest white are borne singly on long strong stems. Leathery dark green foliage.

Christopher Stone. 2½ ft. This rose of dazzling scarlet-crimson is noted for its alluring Damask fragrance and almost continuous bloom. Towards fall, the flowers become deep crimson with velvety blackish shadings.

Countess Vandal (Plant Patent No. 38). 2 ft. The most popular variety at the Century of Progress. A lovely coppery pink and gold; extra long, pointed buds.

THEY'RE WORTH IT

Systematic spraying every two weeks of roses, after they come into full leaf, will prevent disease, black-spot, mildew and plant lice. Your reward is in clean foliage and beautiful blooms.

*Three Roses of one variety at dozen rate.
Any six Roses at dozen rate.*

ROSES—Continued

Crimson Glory (Plant Patent No. 105). 2 ft. A tremendous, fascinating rose. Vigorous, free-flowering, compact bushes, well-formed, deep velvety crimson flowers. Potted, \$1.75 each; \$17.50 per doz.

Eclipse (Plant Patent No. 172). 2½ ft. The "streamlined" buds are ornamented with narrow branching sepals which contrast harmoniously with the golden yellow of the petals. Dependable for almost continuous bloom on strong, upright plants with healthy, dark green foliage.

Edith Nellie Perkins. 2-2½ ft. An indispensable rose. Long-pointed buds opening to fragrant, double, Oriental red blooms shaded cerise-orange; inside of petals salmon-pink.

Golden Dawn. 2 ft. A splendid, large, double lemon-yellow rose, splashed with crimson. The well-formed blooms are sweetly scented. Vigorous and free flowering.

Grenoble. 2½ ft. Crimson buds open to glowing scarlet-crimson blooms. The flowers are fully double, of large size, on unusually long stems. Good for cutting.

Joanna Hill. 1½ ft. Long, shapely buds of orange-yellow opening to large, double flowers with an orange center, paling to buff at the edges of the petals. Strong stems almost free of thorns.

McGredy's Scarlet. 2-3 ft. Freely produced, fragrant, double flowers of brilliant scarlet, orange-yellow at base of petals. Strong, vigorous grower.

Mme. Joseph Perraud. 2½ ft. A Gold Medal Winner and popular all over the country. Long-pointed, sunset yellow buds opening to pastel buff flowers, charming and fragrant.

Mrs. E. P. Thom. 2 ft. An outstanding favorite. Clean, healthy, vigorous growth; disease-resistant foliage; continuous free bloomer throughout the season. The good-sized buds are long and develop into full, double, very shapely flowers of a rich, deep lemon yellow.

Mrs. Pierre S. duPont. An outstanding yellow rose. Long-pointed buds of reddish gold opening to a semi-double, fragrant flower of deep golden yellow. The blooms are profuse and continuous. Vigorous, strong and compact grower.

Mrs. Sam McGredy. 2½ ft. One of the most beautiful roses. Long-pointed buds and large attractive blooms of copper orange-scarlet, with deep red shadings on outside of petals. Moderately fragrant.

Pearl Harbor. 3 ft. One of the best new roses. Exceptionally long, pointed buds and fragrant flowers on vigorous, practically thornless canes. Inner petals are delicate shell-pink, outer petals are lively Tyrian-rose, livening to golden bronze at the base of petals. Very free flowering and vigorous. Potted \$1.75 each; \$17.50 dozen.

Pink Dawn. 3 ft. An entrancing and outstanding novelty. Deep pink buds opening to fully double, lovely clear pink blooms tinted with orange at the base of the petals. Sweetly fragrant.

Poinsettia. 3 ft. The name is descriptive of the rose. Brilliant scarlet blooms closely resembling the color and form of a Poinsettia flower. The buds are ideal in form, long and pointed.

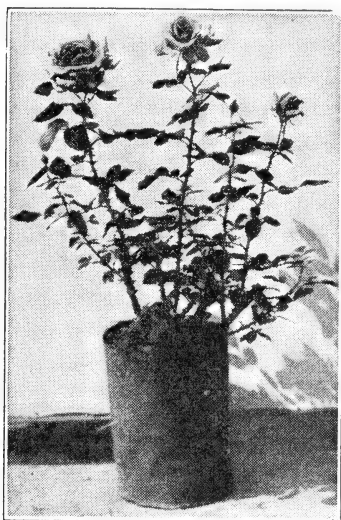

Three Roses of one variety at dozen rate.

Any six Roses at dozen rate.

ROSES—Continued

President Herbert Hoover. 3 ft. A rose of world prominence. Flaming scarlet and yellow buds opening to large, soft, creamy yellow flowers with scarlet markings; rich fragrance. One of the most satisfactory garden roses.

Talisman. 2 ft. The universal favorite. Variable flowers ranging from rich scarlet and gold to deep rose and pale yellow; very fragrant. It produces excellent flowers for cutting.

Floribunda Roses

Unlike all other roses, Floribundas are of a vigorous habit, growing 2 to 3 ft. high and are of a mass of attractive flowers throughout the season. They bear perfect blossoms of Hybrid Tea size, carried in thick clusters reminiscent of the old-time Polyanthas. Being perfectly hardy, they need not be replaced each season.

POTTED ROSES ONLY

Ready for Delivery After June 1.

Betty Prior (Plant Patent No. 340). A rose that "steals the show." Blooms of lively red, turning delicate shell-pink, resembling the delicate red dogwood blossoms in shape and size. Spicy fragrance. Potted, \$1.50 each; \$15.00 per doz.

Donald Prior (Plant Patent Applied For). One of the brightest Floribundas. Clusters of bright, deep scarlet-red flowers are borne continually from spring until frost. Potted, \$1.50 each; \$15.00 per doz.

World's Fair (Plant Patent No. 362). An All-America Rose Selection. Prolific bloomer. Large clusters of perfumed velvety blackish scarlet flowers. A continuous display of color from spring to frost. Potted, \$1.50 each; \$15.00 per doz.

You, your family, and friends are invited and welcome to visit our nurseries at any time and personally select your own roses in bloom.

POTTED ROSES ONLY

Ready for Delivery After June 1.

\$1.50 each; \$15.00 per dozen, unless otherwise noted.

Chevy Chase (Patent 443). The finest of Rambler Roses. Clusters of mildly fragrant, rich crimson blooms that last for several weeks. Beautiful mildew-resistant foliage. The numerous canes will cover a large area. Potted, \$1.75 each; \$17.50 per doz.

Elegance. This vigorous growing Climbing Rose gives a magnificent display of fragrant yellow flowers which are large and perfect form. The inner petals are spectrum-yellow and the outer ones shade to creamy white. Disease-resistant, lustrous dark green foliage.

Flash (Plant Patent No. 396). The most vividly colored Pillar Rose in existence. Vivid orange-scarlet. Buds are yellow suffused scarlet, opening to gleaming orange-scarlet blooms with centers richly furnished with a heavy mass of golden anthers.

Mary Wallace. A Pillar Rose with large, glossy foliage, blooming with great freedom about the middle of June, and bearing a large number of fine buds in summer and fall. Flowers very large, semi-double, of bright, clear rose-pink with salmon base.

New Dawn (Everblooming Dr. W. Van Fleet) (Plant Patent No. 1). The first really worthwhile everblooming hardy Climber. Light pink flowers continually from early summer until frost. Potted, \$1.75 each; \$17.50 per doz.

Paul's Scarlet Climber. A popular Climbing Rose of moderate vigor, highly prized for its clusters of medium-sized, vivid scarlet flowers in June and early July, remaining in good condition for a long period.

Rugosa Roses

Strong-growing shrubs, blooming frequently throughout the season. Excellent seashore variety. Beautiful red berries in the fall.

The new hybrids have splendid foliage and the habit of the Rugosa. They are perfectly hardy in every respect.

Corliss'

New Perennial Novelties for 1944

"Wars may come and wars may go, but flowers are with us forever. . . a constant reminder that essentially the world is beautiful . . . it is only certain people who make it ugly. Flowers are harbingers of peace, and may the world be flooded with them soon." — Kate Smith.

*Suitable as rock garden plants, also.

HARDY ASTERS

Adorable. Outstanding and superior to Harrington's Pink. The same color bright rose-pink flowers are larger and longer lasting. Very hardy. Blooms from September to frost. 4 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Blue Lagoon. A charming variety of the Novi-belgi type with beautiful blue flowers. September. 2½-3 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Palmyra (New). The best pink of the Novi-belgi type. A very hardy, vigorous-growing Aster with masses of semi-double, pure pink flowers which make perfect pyramids on sturdy stems in mid-September to frost. 3-4 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Violetta (New). An outstanding Aster of the Novi-Belgi type. The flowers are double deep violet-purple; darkest yet. Hardy and sturdy growing. September to frost. 4 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

BUDDLEIA

White Bouquet (Patent applied for). New. Graceful, long, rounded spikes of glistening snow-white flowers, like white lilacs, produced all summer, make lovely long-lasting cut flowers, and are a great attraction for butterflies. Sweetly fragrant. The attractive, rich green foliage has a silvery sheen underneath. 5-6 ft. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

TWO EXQUISITE NEW CAMPANULAS

Blue Gardenia (Originated by Corliss Bros., Inc.). That All-American Sensation. A brand new plant with flowers of lovely Gardenia form. Nature's delicate workmanship has produced a rare flower in this exceedingly beautiful and exquisite Campanula. The blooms, measuring 2½-3 inches across, are a beautiful shade of glistening bright lavender-blue. They are produced almost the entire length of their 30-inch stems, with five to eight flower spikes on one plant. These flower spikes with their charming, delicate blooms and dark green leathery foliage make excellent bouquets. The plant is extremely hardy and insect free, easy to grow in average garden soil with ordinary drainage. Blooms in June and July. 30 in. Pot plants, 70¢ each; 2 for \$1.30; 4 for \$2.50.

Bluette (Originated by Corliss Bros., Inc.). New baby sister to the already famous Blue Gardenia. Identical in habit in all respects but color, that being a soft harmony of pale lavender-blue and white either suffused over the basic blue color or gracefully through it. Two-year-old clumps will issue forth several flowering spikes. 24-30 in. Our disseminators found it necessary, because of the slowness of reproduction, to set the following prices. Pot plants, \$3.50 each; \$6.75 per 2.

NEW ENGLISH COTTAGE CARNATIONS

These are a new race of Hardy Carnations, important for their compact growth, vigorous flowering habits, rich carnation fragrance, resistance to sub-zero temperatures, and cut flower value. Rugged in growth and foliage. Blooms from June to fall. 15 in.

Cynthia. Pure shrimp pink waxy petals entirely smooth at edges.

Lucia. Sharply edged petals of deep rose-pink with salmon shadings.

Scarlet Glow. Striking deep orange-scarlet double flowers, larger and longer stemmed.

Sylvia. Pale rose-pink petals edged with silvery white, deepening to a rich deep salmon towards base. Delicate and lovely.

Pot plants 50¢ each; \$1.40 per 3 of one kind; \$5.00 per doz. of one kind.

SUMMER FLOWERING CHRYSANTHEMUMS

No other Chrysanthemums compare with these new ones, offered here, for earliness of bloom. Imagine having Chrysanthemums in blooms in your garden starting in early August, continuing until the very heavy frost in late fall takes their blooms! That is what you will get with these marvelous plants—a new feature in hardy Mums. These new Chrysanthemums are abundant producers and perfectly hardy as far north as Maine.

One plant, under good growing conditions, will make a mound nearly three feet across of good clean foliage and perfectly formed flowers.

See next page for varieties.

WHAT A "MUM"! This picture is reproduced from a photograph taken in mid-August of a 2-yr.-old plant of MY LADY. One plant the first season will make at least half the size and bloom of this plant shown.

NEW SUMMER FLOWERING CHRYSANTHEMUMS

(Continued)

As a Challenge to Other Mums, We Offer:

THE ORIGINAL SUMMER FLOWERING MUMS:

Dean Kay Improved. Large double rose-pink blooms, also good for cutting. 2-2½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Dean Ladd. Large double reddish bronze flowers which might be called a "bronze." 2-2½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

My Lady. Wonderful delicate orange-yellow flowers large and fully double. They are of perfect form and fine for cutting all season. 2-2½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per dozen.

UNIVERSITY OF MINNESOTA VARIETIES:

This entirely new race of garden Chrysanthemums, developed by Prof. L. E. Longley at the University of Minnesota, is admirably adapted to locations subject to early frosts because of their very early flowering habits, long blooming period and high degree of hardiness. These mums provide a wide range of color and have long lasting cut flower qualities.

Boreas. The flowers of this early double white are about 2 in. in diameter and produced in great profusion. Mid-Aug. 18-24 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Butterball. 1944 introduction. Double, dark lemon-chrome ball-like flowers are borne profusely on strong stems. Starts blooming by mid-August and is at its best in mid-September. 2 ft. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

Chippewa. The magnificent flowers with incurved petals of rich aster-purple in large clusters are very showy and large. The plant is very bushy and productive. One of the finest in early Sept. 2-2½ ft. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

Glacier. 1944 introduction. Extra large, pure white flowers of lovely shape are produced in loose clusters on long stems. Blooms sparingly in August, and by early Sept. the whole top of the plant becomes a mass of white. 2 ft. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

Harmony. As its name indicates, carries several tones of color. Its early blooms are yellow, later becoming strawberry-pink and, as the cool weather comes, a deep Brazil-red. At times, all these colors will be present at once. Late Aug. 18-24 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Moonglow. An early blooming variety having double, deep lemon-chrome flowers covering the plant for several weeks. Low bushy plants with dark green, glossy leaves. Mid-Aug. 18-24 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Pipestone. 1943 introduction. A low, robust and spreading type of plant with semi-double Brazil-red-bronze flowers, freely produced. Late Aug. 18-24 in. Pot plants, 60¢ each; \$1.60 per 3; \$6.00 per doz.

Purple Star. The nearly double, bright dahlia-purple flowers, formed in such a way to make the flower starlike, are freely produced on strong upright plants. Early Sept. 2-2½ ft. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

Redgold. The bright scarlet to Brazil-red flowers resembling pompon dahlias are double and very striking. Fine upright growing plants. Mid-Aug. 2-2½ ft. Pot plants, 60¢ each; \$1.60 per 3; \$6.00 per doz.

NEW SUMMER FLOWERING CHRYSANTHEMUMS

(Continued)

Redhawk. 1944 introduction. An outstanding introduction. The double flowers in clusters are a striking color — Dragon's blood red to Brazil-red, and starlike in appearance. Upright grower. Mid-Aug. 18–24 in. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

Redwing. Early produced semi-double Pompeian-red flowers on low, upright plants. Very floriferous. Early Sept. 18–24 in. Pot plants, 60¢ each; \$1.60 per 3; \$6.00 per doz.

Redwood. 1944 introduction. A low compact grower covered most of the season with semi-double flowers of carmine to oxblood red, and gives a very striking bright effect. Especially good in a border where a low compact plant is desired. Mid-Aug. 15–18 in. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

Snowball. 1944 introduction. One of the very first white varieties to bloom. The large double flowers are ivory in color at first, becoming pure white. Mid-Aug. 2 ft. Pot plants, 75¢ each; \$2.00 per 3; \$7.50 per doz.

Sunred. The habit and form of the flowers are much like those of Chippewa, but color is a bright Brazil red; large, semi-double. Early Sept. 2–2½ ft. Pot plants, 60¢ each; \$1.60 per 3; \$6.00 per doz.

Waterlily. Semi-double with four rows of lovely white rays, suggests a waterlily in full bloom. Its pale yellow center adds to its attractiveness. Plant is narrow, upright, and the blooms, borne on long stems, cover the tips of the plant. 2–2½ ft. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

Welcome. The latest newcomer of this type, and the only one of its color on the market to date. Large, double bright mallow-purple flowers on long stems, good for cutting. August till frost. 2–2½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Isn't It Wonderful?

A 2-yr.-old plant of *CHRYSANTHEMUM Maximum* (Shasta Daisy)
Admiral Byrd

NEW SUMMER FLOWERING CHRYSANTHEMUMS (Continued)

CHRYSANTHEMUM Maximum (Shasta Daisy)

Admiral Byrd (Originated by Corliss Bros., Inc.). An extraordinary Shasta Daisy with 5-6 inch blooms, having several rows of pure white lanceolated petals accentuated by rich yellow centers. Two-year-old plants have produced as many as 20 to 25 flowering stems averaging 30 to 36 inches in height. This is an excellent cut flower often lasting two weeks when cut. Unusually hardy, having withstood temperatures of 20 degrees below zero without protection. July to October. Sold out for the season.

Mount Shasta (New). A lovely pure white, high-crested Shasta Daisy with a double row of overlapping petals four inches in diameter on sturdy, erect stems. It blooms continuously from late spring until frost and makes one of the best cut flowers. June to frost. 20-24 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

NEW ARISTOCRATS OF THE GARDEN DELPHINIUM LYONDEL GIANT HYBRIDS

STATELY — MAJESTIC — COLORFUL
MASSIVE SPIKES

A new strain especially selected for their large sized, all-double flowers and beautiful colors, ranging from pale blues to deep purple. June to September. 4-5 ft. 75¢ each; \$2.00 per 3; \$7.50 per doz.

*DELPHINIUM

Blue Mirror. An outstanding novelty. This chinense type flowers, like cinerarias, are aquamarine-blue, without spurs. The dwarf, compact habit of the plant makes it a wonderful subject for borders and rock gardens. The flowers, excellent for cutting, are produced in endless profusion from early May until frost. 1½-2 ft. 50¢ each; \$1.40 per 3; \$5.00 per doz.

NEW GARDEN DIANTHUS

Old Spice (Plant Patent No. 499). Very choice and outstanding. The flowers are a beautiful rich salmon-pink, larger than most hardy carnations, and produced prolifically all summer and fall. Neat, compact, and hardy. The calyx does not split and the flowers have a delightful spicy fragrance. June to September. 1-1½ ft. Pot plants, 60¢ each; \$1.50 per 3; \$6.00 per doz.

Rock Raven Red (New). Spicy, fragrant, very double rich crimson-red flowers of the Beatrix type. Blooms profusely from June to frost, even through midsummer heat. 8-10 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Silvermine (New). A very fragrant, pure white Dianthus of the Beatrix type, very hardy, vigorous, and compact grower. It makes an excellent combination with the pink of Beatrix. June through September. 10-12 in. Pot plants, 40¢ each; \$1.10 per 3; \$4.00 per doz.

HELENIUM—Sneezewort

Braungold (New). The flowers are a rich combination of coppery orange and gold. One of the finest and most impressive plants for summer and autumn decoration in the border. July to September. 4-5 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

HELENIUM—(Continued)

Chippersfield Orange. Very striking heads of copper and gold daisy-like flowers with dark brown centers. Aug., September. 4 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Moerheimi Beauty. Large bronzy red flowers shading to orange at tips. If cut back, will bloom the second time. July and August. 2½ ft. Pot plants, 40¢ each; \$1.10 per 3; \$4.00 per doz.

HELIOPSIS

Golden Rays (*scabra patula*) (New). Outstanding! Summer long crop of golden yellow flowers which are extremely large with two rows of sharp cut, incised petals. The stems are taller and more erect than other *Heliopsis*. June to frost. 3½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Summer Gold (*scabra incomparabilis*) (New). Fine border plant with rich golden yellow, nearly double flowers on strong branching stems. Flowers from July to September. 2½–3 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

HEUCHERA — Alum Root

Pink Delight (New). The name itself suggests the description of this charming new Coralbell. The bells are dainty old rose lightened by a touch of white at the base of each individual bloom. Flowers freely from June to August. 1½–2 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

MYOSOTIS — Forget-me-not

Pink Beauty. Clusters of large, deep pink, Forget-me-not flowers. Good cut flower. June to September. 8–10 in. Pot plants, 40¢ each; \$1.10 per 3; \$4.00 per doz.

OENOTHERA — Evening Primrose

Illumination (*fyrverkeri*) (New). By far the finest Evening Primrose. Compact, healthy plants burst into masses of brilliant yellow flowers which harmonize with its reddish brown leathery foliage from June to frost. 2 ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

PENTSTEMON — Beard-Tongue

Cherry Glow (Firebird). Beautiful ruby-crimson foxglove-like flowers gracefully placed on 18–24 inch stems. They create a very lovely effect in the garden, or as cut flowers. June to frost. 18–24 in. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

HARDY PHLOX

Eva Foerster. Very attractive immense trusses of large bright salmon-rose florets with large white centers. Dwarf, compact plants. August. 18 in. 45¢ each; \$1.25 per 3; \$4.50 per doz.

POLYGONUM — Dwarf Lace Plant

Reynoutria. A handsome easily established very hardy ground cover. Best suited to full sun, where *Pachysandra* and *Vinca* would not be satisfactory. The pale green foliage turns brilliant red in autumn. Numerous pink flowers from buds of deep salmon in the fall. 4–6 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

PYRETHRUM — Painted Daisy

Mrs. D. B. Bliss. Exquisitely beautiful, single salmon-pink petals combined with the light yellow center of the blooms, and their value as cut flowers, makes this variety a most desirable perennial. The neat, compact tufts and elegant, finely cut foliage add to the attractiveness of the plants. May, June. 2 ft. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

RUDBECKIA — Coneflower

White Lustre. Unusual daisy-like flowers with white petals and dark bronze cone-center. As the flowers approach maturity, the cone grows larger and petals turn downward producing an unusual effect. July to Sept. 3 ft. Pot plants, 65¢ each; \$1.70 per 3; \$6.50 per doz.

STOKESIA — Stokes Aster

Blue Moon. Immense, beautiful, light blue disc-like flowers on stiff stems. A hardy, vigorous grower of easy culture and free flowering habit. July to frost. 1½ ft. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

VERONICA — Speedwell

Blue Peter. A recent English introduction of real merit and unquestionably the best of the early summer flowering Veronicas. Deep navy blue flowers closely arranged up and down the stiff stems. Compact growth and heavy bloomer. July, August. 15-18 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

VIOLA — Violet

Royal Robe. Unusually large, lustrous, delicately fragrant deep violet flowers on sturdy 10-inch stems are ideal for cutting, boutonnieres, corsages. The rugged plants bloom abundantly in spring and fall. 10 in. Pot plants, 50¢ each; \$1.40 per 3; \$5.00 per doz.

Hardy Perennial and Rock Plants

Perennials include most of the finest flowering plants as well as the foundation material for practically every well planted garden. They exist in infinite variety, size, and color, and their period of bloom covers the entire season. A well chosen collection of perennials provides a great source of garden interest.

The material we offer is strong, field-grown stock with the exception of some varieties which transplant better from pots.

We strongly advise the purchase of perennials in quantities of 3 or more of one kind, since a group of 3 or more plants makes a much more striking and effective color mass in the garden. Please remember that 6 or more plants of one variety may be purchased at the dozen rate.

Note. — Figures after the description and blooming dates represent the approximate height reached by the perennials under favorable conditions.

*SUITABLE AS ROCK GARDENS, ALSO

PRICES OF PERENNIALS

Unless otherwise noted, the price of Perennials is 35c. each; \$1.00 per 3 of one variety; \$3.50 per dozen. Six or more plants of one variety will be sold at the dozen rate. Hardy Garden Phlox

BLOOMS JULY, AUGUST, SEPTEMBER

The hardy perennial Phlox deserves a prominent place in all hardy flower borders, or where breaks of brilliant colors are required during July, August and September. For general border decoration, no other family is capable of producing such fine displays of dazzling color at a time when there is little else to depend on. Their large heads of bloom are excellent for cutting as well.

The immense size and perfect form of the new varieties will be a revelation to those who know only the old-fashioned kinds. We offer the good old and outstanding new varieties, all of which have been tried and tested for desirability and true-ness to name. Our collection is the result of careful selection over a period of many years and we confidently recommend it as consisting of the best available varieties.

CULTURE: Phlox will grow and bloom almost anywhere; however, they are gross feeders and if given rich soil and plenty of moisture, best results can be obtained. To grow Phlox really well, the soil should be well drained, deeply spaded, enriched with rotted manure or bonemeal, and well cultivated. Planting may be done in fall or spring in a sunny border. Set the plants 12 to 15 inches apart. Lift and divide every three or four years or they will become crowded, which results in poor, small flowers. Be sure to **REMOVE** all flower heads before they go to seed. Phlox require considerable **WATER** during the blooming period. **NEVER WATER OVERHEAD;** always keep blooms and foliage dry, letting hose run slowly on the ground. This method of watering prevents mildew.

If mildew appears, indicated by a white powdery substance on the leaves during changeable weather, spray with sulphide of potassium, 1 ounce to 3 gallons of water, to which a little soap should be added, or apply a good brand of fine dusting sulphur in early June, using a duster to insure a coating **BE-NEATH** as well as above the foliage. Repeat every 2 weeks if needed.

Border Gem. A distinct novelty. Large trusses of well formed, dark purple flowers. Very attractive, and an outstanding color. Aug. 3 ft. 40¢ each; \$1.10 per 3; \$4.00 per doz.

Border Queen. Choice deep watermelon-pink which does not fade. Extremely large florets in immense trusses. Vigorous. July, August. 15-18 in. 40¢ each; \$1.10 per 3; \$4.00 per doz.

Brilliant. Large trusses of fiery scarlet florets with deeper eye. Very spectacular. July, Aug. 2½-3 ft.

Unless otherwise noted, all plants on this page are 35c. each; \$1.00 per 3 of one variety; \$3.50 per doz. of one variety. (Six or more plants of one variety at dozen rate.)

PHLOX—Continued

TERMS AND CONDITIONS OF SALE

We accept all orders upon condition that they shall be void should injury befall the stock from frost, fire, hailstorms, or other causes over which we have no control.

We endeavor to keep varieties true to name, and will replace any stock not true, but we do not, in any way, guarantee the success of the grower. Inasmuch as we cannot control Nature and the conditions affecting the successful growing of Plants and Nursery Stock, such as unfavorable weather, soil, moisture, planting, cultivation, insects, and the like, we cannot and will not give any warranty, express or implied, as to description, quality, productiveness, or any other variation of any Nursery Stock or Plants we sell, and we will not be in any way responsible for the crop. Every order for such goods will be executed on these conditions only. Employees are forbidden to give warranties or guarantees.

In event of untrue stock, our liability must be limited to invoice value at time of shipment.

Our responsibility ends on delivery of stock in good order to the forwarding company. When losses occur claims should at once be made on the transportation company by the consignee. Complaints must be made in writing to our office within ten days after receipt of the goods.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

TERMS OF PAYMENT

Cash or satisfactory references must accompany all orders from purchasers unknown to us. To customers whose responsibility is known to us, all bills are due net 30 days from date of shipment. All stock is priced F.O.B. Gloucester and Ipswich, Mass.

WE DO NOT MAKE C.O.D. SHIPMENTS

SHIPPING DIRECTIONS

Please state clearly how you want your shipment made, whether by freight, express, or truck. Under the existing war conditions, we reserve the right to change shipping instructions when we consider it best, without assuming responsibility. Boxing and packing will be charged at actual cost on all tree and shrub orders shipped by freight or express.

LOCAL FREE DELIVERY ZONE

Beverly Farms, Essex, Gloucester, Hamilton, Ipswich, Manchester, Prides, Rockport, and Wenham.

We are equipped to make truck delivery beyond this FREE DELIVERY ZONE, within a 50-mile radius, at cost, based on size of order and distance, which in most cases is not greater than the combined cost of packing, freight, or express. This is a very satisfactory method, as plants are delivered fresh to you.
